SUMMARY

Motivated web developer with hands-on experience in Next.js, React, Prisma, MongoDB, and TypeScript. Successful creation of an e-commerce website demonstrates proficiency in designing, developing, and deploying web solutions. Eager to launch a career and apply my skills while growing in a dynamic team environment.

PROJECTS

Furniture ⋮ [LIVE](#) ⋮ [GITHUB](#)

- Fetched products using Nextjs Api router and Stripe Api, allowing the website to have up-to-date product details, images and prices.
- To provide a persistent shopping cart experience, I used Zustand to manage the cart's state and persist even when users close or refresh the browser.
- Users are able to review their selections as well as add and remove products from their shopping carts.

Space Tourism ⋮ [LIVE](#) ⋮ [GITHUB](#)

- Built a slider and tab component using Framer motion spring animations, allowing users to switch images and content.
- Created engaging animations using framer motion, elevating the user experience.

EXPERIENCE

Project Coordinator ⋮ Youth Fusion, Toronto, ON ⋮ SEPT 2019 - JUNE 2020

- Spearheaded training programs and enhanced team skill sets, resulting in a boost in productivity and smoother project execution.
- Streamlined cross-functional communication, fostering collaboration among design and development teams, leading to fewer project delays.
- Presented 5 final mini-game products for an annual competition.
- Implemented cost-saving measures by optimizing resource allocation and reducing project expenses, while maintaining quality.
